FOOTPADS AND STRAPS V2

HAVING COMFORTABLE FOOTPADS AND STRAPS MAKES THE DIFFERENCE BETWEEN A GOOD SESSION AND A BAD ONE. OUR V2 DESIGN PROVIDES THE ULTIMATE BALANCE BETWEEN PERFORMANCE AND COMFORT TO KEEP THE GOOD SESSIONS ROLLING!

Our foot straps are ergonomically designed featuring Ultralon Performance Foam® and plush neoprene for the ultimate in comfort and control while providing a precise fit. Ultralon foam has an exceptional resistance to packing out, it doesn't compress over time and has an outstanding formability enabling anatomical adaptation. Combined with the quick and easy velcro size adjustment, the strap provides a snug fit to all foot shapes and sizes or wetsuit booties.

We have designed our footpads to provide superior comfort, adaptability and strength. The multi-density foam pads combine a shock absorption base layer and a higher density top layer with precise contouring and texture for increased traction to keep your feet comfortably locked in. The baseplate is built strong with nine strap positions and five stance angle options allowing for uncompromised adaptability.
