

# RACING INTO THE FUTURE WITH

## OZONE®

## PATHWAY TO SUCCESS - PERFORMANCE EQUIPMENT

WE OFFER AN EXTENSIVE RANGE OF CLASS LEADING EQUIPMENT, COVERING BEGINNERS THROUGH TO EXPERT LEVEL RIDERS.

THE FUTURE OF KITE RACING ATHLETES IS IMPORTANT, DECISIONS HAVE TO BE MADE TODAY THAT WILL AFFECT TOMORROW AND BEYOND. LIKE YOU, WE WANT WHAT IS BEST FOR ATHLETES AS THEY TRAIN AND PROGRESS TOWARDS THE TOP PODIUM RESULTS THAT WE ALL STRIVE FOR.

## WHY OZONE? PROVEN RESULTS.

Ozone is the world's leading manufacturer of competition race Kites and we offer international support with a global distribution network. Since the birth of competitive kite racing in 2009, Ozone has maintained its position at the front of the fleet across the globe.

Our most prestigious results are:

### 15 WORLD CHAMPIONSHIP RACING TITLES

Ozone is very proud to have accompanied our riders to over 15 World Championship titles as well as a multitude of national and international titles.

### KITE FOIL RACING WORLD CHAMPIONSHIP TITLES

Team rider Nico Parlier has claimed the World Championship title 4 times and consistently takes podium at all events entered.

### 2018 YOUTH OLYMPIC GAMES MEDALISTS

Riders on Ozone took Gold and Silver medals in the male and Gold in the female Twin Tip Racing disciplines.

### ROLEX YACHTSMAN & YACHTSWOMAN OF THE YEAR

We've had male and female riders win this coveted award in 2012 and 2016 respectively, bringing Kite Racing into the sailing limelight.

### ALL R1 V3 & EDGE V9 SIZES ARE IKA REGISTERED

Getting young riders and racers acquainted with success at an early age opens the perfect pathway to Olympic success.

01

### LEARN ON A SCHOOL KITE - THE CATALYST V2

For a speedy progression the Catalyst is the perfect confidence-inspiring entry level tube kite, it is very stable, predictable to launch, land and fly. Our school pack is an excellent choice for associations wanting to get anyone into the sport.

02

### TTR THE FIRST TASTE OF COMPETITIVE RACING - THE EDGE V9 & CODE V1 TWIN TIP

With the addition of Kiteboarding to the Youth Olympic Games (YOG), young athletes are perfecting their competitive skills in the TwinTip Racing class (TTR) which is a perfect stepping stone to High Performance Hydrofoil racing which will be a fully fledged Olympic sport in 2024

The Edge inflatable tube kite is the kite of choice for competitors; it was flown by over 80% of the 2018 YOG finalists.

The Code Twin Tip is an outstanding free ride performance board, which offers amazing control, upwind drive and gains speed easily around the course.

03

### FULLY FLEDGED OLYMPIC CONTENDER - THE R1 V3

The R1 model is an exceptional foil kite of pure race winning pedigree. Now in its third edition, the refinements have taken it to the next level, enabling top-level hydrofoil racers to achieve the highest results.

Using state of the art technology the R1 V3's unmatched performance is unsurpassed and easily accessible. Combined with our industry leading Racing Control system that offers minute adjustments on the go, ensures the kite can be kept at its best trim throughout the race. Our innovative one step 'Click-In Loop' connection and release system is incredibly intuitive to activate for peace of mind and confident racing. Our race specific flying lines reduce drag for even faster speeds and are available in lengths of 12m to 50m.
